NAVITA™ AC Workshop

Paste rough AC. Get a **rewritten user story**, **FRD MVCR validation**, **Style Guide check**, prioritized **clarification questions**, **risk flags**, and a Jira-ready **Gherkin export**.
Stories save automatically.

STORY TITLE (optional)

e.g., CAC Authentication for USCG Users

FRD REFERENCE (optional)

e.g., §4.9.2 (MVCR)

ACCEPTANCE CRITERIA — paste bullet points, prose, or rough notes

Examples:

- * User must log in with CAC card
- * Invalid CAC = deny + error
- * Only accessible from NIPRNET

Or prose: "The system shall require CAC auth..."
